SIMON AND SCHUSTER

PORTRAIT OF THE ASSASSIN by Representative Gerald R. Ford with John R. Stiles is a picture of the Warren Commission in action by the House Minority Leader who was one of the two Congressmen who served as a member. The personalities of the witnesses are brought out, as well as their reactions and relations to one another and to the Committee. A major part of the book is the distillation from the 26 volumes of direct testimony taken from the 352 witnesses.

Major promotion and publicity both on and off the book page.
